Copyright and Licence Agreement

SUMMARY: You are buying a product consisting of some objects and some information with a licence of use. YOU ARE NOT BUYING OR HIRING THE COPYRIGHT. This means that you cannot use those objects or that information to copy them for commercial purposes. The licence that comes with every kit and every drawing, allows you to build only one instrument for personal use and no more. Only if you are a 'RWC Authorized Building Workshop' you can trade with this instrument obtained from the kit or drawing, otherwise it has to be built for personal use. You cannot hide the origin and the manufacturer and you cannot delete or remove the marks of RWC.

I have read, understood and agreed the [COMPLETE Copyright Preventions and Licence Terms](#) in this document. Only if you write 'yes' in the box above your order will be processed.
